

Bollig Inc is a preferred provider of agricultural engineering services through proven results and long-lasting partnerships.

Your Total Solution

Spill Prevention, Containment and Countermeasures (SPCC) Plan

By federal mandate, all ag producers are to have a Spill Prevention, Containment and Countermeasures Plan in place according to the U.S. Environmental Protection Agency.

Applies to a farm which:

- ☞ Stores, transfers, uses or consumes oil or oil products such as diesel fuel, gasoline, lube oil, hydraulic oil, adjuvant oil, crop oil or vegetable oil
- ☞ Stores more than 1,320 US gallons in above ground containers

With its experienced agricultural professionals, Bollig Inc offers a convenient SPCC plan tailored to your farm.

Visit bollig-engineering.com to start the SPCC Plan process today. Using an online form, you will provide the information Bollig Inc needs to create a customized solution for you and your farm.
